## Robinson Barracks' Odyssey of the Mind team wins silver!

The annual Odyssey of the Mind DoDDS-Europe competition was held March 28 in Kaiserslautern, Germany.

Teams from 16 schools throughout Europe including Ankara, Turkey and Lajes, Portugal took part in the competition. The Robinson Barracks Elementary and Middle School team competed against four other teams and took second place in the competition.

The seven-member team worked to creatively solve a problem which included writing a skit, building, running, and manipulating a robot, designing and building a backdrop, and designing and making their

own costumes. Their solution could not go over eight minutes and the robot had to perform various tasks throughout the skit.

The girls also competed in a spontaneous problem in which the team is given a problem and must solve it on the spot – they took first place in that event. Their second place win entitles them to compete in the Odyssey of the Mind World Finals competition at Iowa State University, Ames, Iowa from May 27-30. The team will have to improve their robot, props, costumes, and script, while raising money to defray their travel expenses of \$12,000. *(Story and photo courtesy of RBEMS)*

(L to R) Grace Essa, Audrey Heacock, Brittany Day, Paige Miller, Stephanie Schifffert, Jasmine Miller and Caryn Zaruba make up the RBEMS team, which took 2nd place in the Odyssey of the Mind competition.
